Inest *Purāṇasarvasvam*, Rerum omnium adumbratio maximam partem e Purāṇis hausta, liber ab *Haláyudha*, Purushottamae filio, Bengalensi, A. D. 1474 scriptus. Opus paragraphos (praśna) 730 continere dicitur, quinque vero primae in codice nostro desunt, quod eo magis dolendum est, quoniam e prooemio haud dubie plura de auctoris patria et gente didicissemus. Ceterum paragraphis plerisque Purāṇarum aliorumque, unde desumti sunt, librorum nomina expressis verbis addita sunt.
